

KINGPIN HINGE ARM

A replacement for traditional brass arms

APPLICATION:

Allows livestock to have access to the trough without sustaining damage.

The patented hinge design allows the float to return to centre after contact to maintain valve function.

Comes in three sizes specifically for AP/AB, 69/72 and Xcess/Ultraflo

FEATURES & BENEFITS:

- Self-centring arm assembly absorbs stock interference
- Provides same strength as traditional brass arm
- Can be bent to adjust water level
- Retrofits existing valves and floats
- Can be fitted in Top Entry & Side Entry installations
- Stainless Steel
- Patented hinge design

PRODUCT CODES:

- 88003881 – 69/72 Hinge Arm – 5 pack
- 88003882 – AP/AB Hinge Arm - 5 pack
- 88003883 - XS/UF Hinge Arm – 5 pack
